

Call for Participation

We invite you to join us in **12th International Conference on Cryptography and Information Security (CRIS 2026)**.

This conference serves as a premier platform for presenting cutting edge research and advances in cryptography, coding theory, and information security. As digital systems continue to expand in scale, complexity, and societal impact, the need for robust security foundations and innovative protection mechanisms has never been greater. CRIS 2026 provides a peer reviewed forum for researchers, practitioners, and industry experts to share breakthroughs, exchange ideas, and explore emerging challenges across the full spectrum of security and cryptographic technologies.

Highlights of CRIS 2026 includes:

- 13th International Conference on Computer Science and Information Technology (CoSIT 2026)
- 13th International Conference on Signal and Image Processing (SIGL 2026)
- 13th International Conference on Artificial Intelligence and Applications (AIAPP 2026)
- 13th International Conference on Cybernetics & Informatics (CYBI 2026)
- 12th International Conference on Data Mining and Applications (DMA 2026)
- 12th International Conference on Software Engineering (SEC 2026)
- 7th International Conference on Big Data (CBDA 2026)
- 7th International Conference on Natural Language Processing and Machine Learning (NLPML 2026)

Registration Participants

Non-Author / Co-Author / Simple Participants (No Paper)

100 EURO for Online (Without Proceedings)

390 EURO for Face to Face (With Proceedings)
